

# Product data sheet

## Mineral: Maxcare Natureblend Sheep

### Product code: 11416775

Soil Association approved mineral supplement formulated to help balance forage-based organic sheep rations throughout the year.

### Ideal for

- All classes of sheep in organic farming systems.

### Features and benefits

- **Soil Association approved** mineral supplement for sheep in organic farming systems.
- Includes **seaweed meal** as a natural permitted source of essential trace elements.
- Balanced levels of major minerals to help to meet the requirements of sheep all year round.
- **Highly bioavailable zinc**; independent university research has shown IBZ to have 2.04 times greater relative bioavailability (RBV) when compared to inorganic sources of zinc. Increased bioavailability helps to support fertility, health, hoof integrity where lameness is an issue, and overall performance.

## Directions for use

- Place in a free-draining trough where animals gather regularly, or mix into or sprinkle onto feeds to provide the recommended feeding rate.

## Recommended feeding rate

- Sheep 15-30g/head/day.

## Pack weight

25kg

## Product specification

Nutrient	Value
